We are using the mapping service provided by OpenStreetMap (OSM).

We embed the map data from OpenStreetMap on the server of the OpenStreetMap Foundation, St John's Innovation Centre, Cowley Road, Cambridge, CB4 0WS, United Kingdom. The United Kingdom is considered a secure third country under data protection law. This means that the United Kingdom has a level of data protection that is equivalent to the level of data protection in the European Union. 5. Custom Services

Handling applicant data

We offer website visitors the opportunity to submit job applications to us (e.g., via e-mail, via postal services or by submitting the online job application form). Below, we will brief you on the scope, purpose and use of the personal data collected from you in conjunction with the application process. We assure you that the collection, processing, and use of your data will occur in compliance with the applicable data privacy rights and all other statutory provisions and that your data will always be treated as strictly confidential.

Scope and purpose of the collection of data

If you submit a job application to us, we will process any affiliated personal data (e.g., contact and communications data, application documents, notes taken during job interviews, etc.), if they are required to make a decision concerning the establishment or an employment relationship. The legal grounds for the aforementioned are § 26 BDSG according to German Law (Negotiation of an Employment Relationship), Art. 6(1)(b) GDPR (General Contract Negotiations) and – provided you have given us your consent – Art. 6(1)(a) GDPR. You may revoke any consent given at any time. Within our company, your personal data will only be shared with individuals who are involved in the processing of your job application.

If your job application should result in your recruitment, the data you have submitted will be archived on the grounds of § 26 BDSG and Art. 6(1)(b) GDPR for the purpose of implementing the employment relationship in our data processing system.

Data Archiving Period

If we are unable to make you a job offer or you reject a job offer or withdraw your application, we reserve the right to retain the data you have submitted on the basis of our legitimate interests (Art. 6(1)(f) GDPR) for up to 6 months from the end of the application procedure (rejection or withdrawal of the application). Afterwards the data will be deleted, and the physical application documents will be destroyed. The storage serves in particular as evidence in the event of a legal dispute. If it is evident that the data will be required after the expiry of the 6-month period (e.g., due to an impending or pending legal dispute), deletion will only take place when the purpose for further storage no longer applies.

Longer storage may also take place if you have given your agreement (Article 6(1)(a) GDPR) or if statutory data retention requirements preclude the deletion.

Admission to the applicant pool

If we do not make you a job offer, you may be able to join our applicant pool. In case of admission, all documents and information from the application will be transferred to the applicant pool in order to contact you in case of suitable vacancies.

Admission to the applicant pool is based exclusively on your express agreement (Art. 6(1)(a) GDPR). The submission agreement is voluntary and has no relation to the ongoing application procedure. **The affected person can revoke his agreement at any time.** In this case, the data from the applicant pool will be irrevocably deleted, provided there are no legal reasons for storage.

The data from the applicant pool will be irrevocably deleted no later than two years after consent has been granted.

Changes to the privacy policy

Due to the further development of our website or due to changes in legal and regulatory requirements, we reserve the right to change this privacy policy at any time with effect for the future. A current version is always available on the website. Please inform yourself regularly!
